

第一部分: 自定义品牌化 URL 以及安装数字证书之前的准备

登录代理商后台， 点击导航栏 设置 -> 品牌化设置。 选择 **Supersite/Partnersite** 子栏目 - 您会看到以下自定义品牌化 URL 的页面。 在安装数字证书之前， 您需要按照以下三个步骤来操作：

步骤 1 - 输入想要绑定的主域名， 也可以是多个域名， 如果您之前已经绑定了， 可以跳过这一步。

Let your Customers access the SuperSite 2 with your own Domain Name.

Step 1 : Specify your Primary Domain Name

http://

[Point additional Domain Names \(or Subdomains\) to the SuperSite 2](#)
Eg. www.yourcompany.com, yourcompany.net

Step 2: Update the A Record

Update the A record in your nameservers for your fully branded URL(s) to 209.99.17.71
Eg. yourcompany.com IN A 209.99.17.71

i We have changed the IP address to point to https enabled servers. Make sure you switch to the new IP before installing SSL.

Step 3: Secure your URL [Why?](#)

Provide an SSL certificate for your Branded URL, which we will install on our web server. Use this [step-by-step guide](#) to help you complete this process.

- 1 Get an SSL certificate**
[Buy our Comodo SSL](#)
- 2 Enroll and issue your SSL certificate**
You can [generate a Private Key and CSR](#) with us, and use it to enroll and issue your certificate with the Certification Provider.
- 3 Upload certificates**
Once your certificate is issued, [upload your Private Key, SSL Certificate, and CA Bundle](#) and we'll update it for your Fully-Branded URL.

Refer to our [knowledgebase](#) for detailed instructions on how to add an A record.

Which certificate should I buy?

* If you have a single URL to secure - a simple Domain-validated cert for one domain name should work. e.g. <https://mybusiness.com>

* If you have more than one URL to secure (ex. if you have branded the SuperSite and Control Panel with the same domain name), then you will need a Wildcard certificate. e.g. <https://mybusiness.com>, <https://manage.mybusiness.com>

Update

步骤 2 - 修改 DNS 解析记录

绑定域名后，您需要修改域名的 A 记录/CNAME 记录。您需要将域名指向到 IP:209.99.17.7，如下图，如果您的域名不在 Resellerclub，您需要联系域名提供商进行修改或者添加。

Manage Records for brandedurl123.com

A Records AAAA Records MX Records CNAME Records NS Records TXT Records SRV Records

SOA Parameters

Add Address (A) Record for brandedurl123.com

Fill in the form below to add an Address (A) Record for brandedurl123.com

Host Name : .brandedurl123.com (eg.brandedurl123.com)

Destination IPv4 Address : (eg.203.168.176.23)

TTL * : seconds (eg. 172800)
(Note that the TTL value you specify will be updated in all records of the same type for this zone.)

步骤 3 - 安装数字证书之前的准备

A. 购买一个 SSL 数字证书 (建议购买 Resellerclub 的 Comodo 数字证书)

- 在安装 SSL 数字证书之前，您需要先购买 SSL 数字证书

Step 3: Secure your URL [Why?](#)

Provide an SSL certificate for your Branded URL, which we will install on our web server. Use this [step-by-step guide](#) to help you complete this process.

1 **Get an SSL certificate**
[Buy Comodo SSL](#)

- 推荐您购买 Resellerclub 的 Comodo SSL 数字证书，举例: **Supersite url:** brandedurl.com
- 如果您绑定了多个子域名, 推荐您购买支持多个子域名的 Wildcard SSL 数字证书。

例如:

Supersite: branddomain.com

Partner site: partner.branddomain.com

控制面板: cp.brandomain.com

- **注意:** 如果您绑定了多个主域名, 您需要购买多个 Comodo 数字证书。例如: **Supersite:** brandedurl1.com, brandedurl2.com

Step 3: Secure your URL [Why?](#)

Provide an SSL certificate for your Branded URL, which we will install on our web server. Use this [step-by-step guide](#) to help you complete this process.

① **Get an SSL certificate**

[Buy Comodo SSL](#)

② **Enroll and issue your SSL certificate**

You can [generate a Private Key and CSR](#) with us, and use it to enroll and issue your certificate with the Certification Provider.

③ **Upload certificates**

Once your certificate is issued, [upload your Private Key, SSL Certificate, and CA Bundle](#) and we'll update it for your Fully-Branded URL.

B. 生成 CSR 和密钥

Step 3: Secure your URL [Why?](#)

Provide an SSL certificate for your Branded URL, which we will install on our web server. Use this [step-by-step guide](#) to help you complete this process.

① **Get an SSL certificate**

[Buy Comodo SSL](#)

② **Enroll and issue your SSL certificate**

You can [generate a Private Key and CSR](#) with us, and use it to enroll and issue your certificate with the Certification Provider.

③ **Upload certificates**

Once your certificate is issued, [upload your Private Key, SSL Certificate, and CA Bundle](#) and we'll update it for your Fully-Branded URL.

第二部分 - 生成 CSR

如上图，点击“**Generate a Private key and CSR**”，将进入以下页面，填写代理商信息登陆：

Reseller Login

Reseller Id: 111419

Username: admin@resellerclub.com

Password: ●●●●●●●●

LOGIN

- 签发数字证书之前，您需要先生成 CSR。您可以利用以下功能来生成 CSR。
- 登陆后，点击右上角的“Generate CSR”，如下图。
- 填写域名及相关信息，然后点击“Generate”，生成 CSR 和密钥。

Generate CSR

Common Name: brandedur123.com

Organization: My Company

City: Mumbai

State: Maharashtra

Email: myemail@email.com

Country: IN

GENERATE

生成后，您可以看到 CSR 和密钥信息，如下图，复制并保存为文本文件。

CSR generated successfully !

Private Key: (Required for SSL installation) Do not forget to save a copy of the Private key. [COPY](#)

```

[REGENERATE](#) Use this option to regenerate the certificate in case you are in need to change the CSR details.

密钥信息请一定要保存一份，以备后面的步骤要用到。

注意:

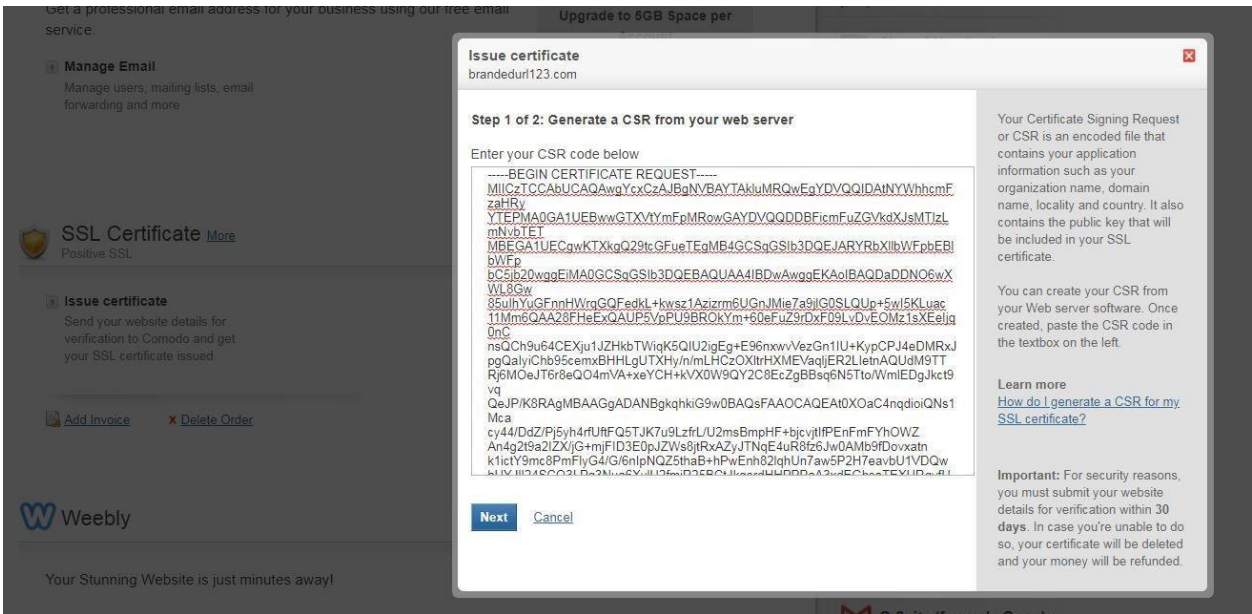

- 生成 CSR 以后，您可以随时登陆查看 CSR 和密钥。
- 如果您生成了多次 CSR，系统只会显示最新生成的 CSR。
- 您可以点击 “Regenerate” 重新生成 CSR。

第三部分 - 签发证书:

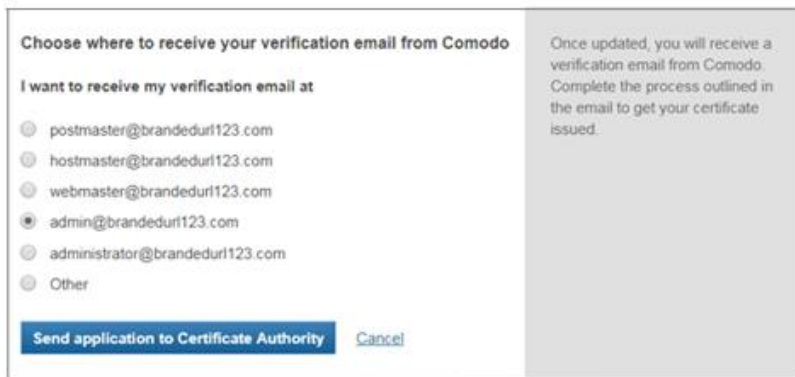

生成完 CSR 以后，您需要登陆代理商后台完成数字证书签发。

注意: 如果您的数字证书是在第三方平台购买的，您需要联系数字证书提供商进行签发。

1. 登陆代理商后台 ⑦ 导航栏产品 ⑦ 罗列所有订单 ⑦ 选择对应的数字证书 ⑦ 点击签发证书。
2. 为了完成数字证书签发，您需要输入 CSR 并完成验证。
3. 输入 CSR，点击下一步。

4. 验证邮箱可以是域名的管理邮箱或者以下列出的其他邮箱，选择对应的验证邮箱地址：
 1. admin@domainname
 2. administrator@domainname
 3. hostmaster@domainname
 4. webmaster@domainname
 5. postmaster@domainname

5. 完成签发后，您将会收到一封验证邮件，点击验证链接完成签发，之后您将收到数字证书安装文件。

第四部分 – 安装数字证书及根证书。

Step 3: Secure your URL [Why?](#)

Provide an SSL certificate for your Branded URL, which we will install on our web server. Use this [step-by-step guide](#) to help you complete this process.

① **Get an SSL certificate**

[Buy Comodo SSL](#)

② **Enroll and issue your SSL certificate**

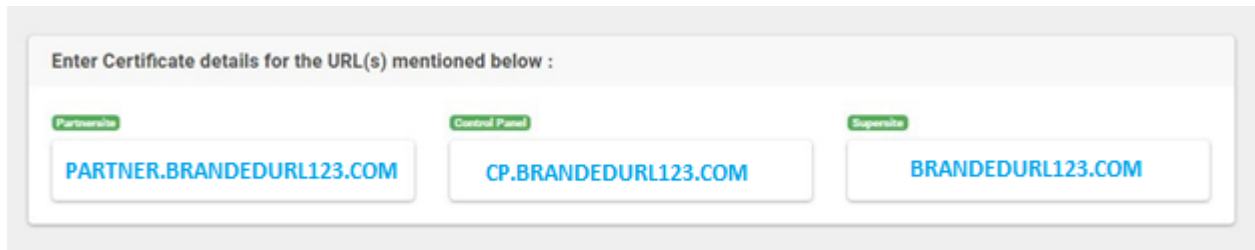

You can [generate a Private Key and CSR](#) with us, and use it to enroll and issue your certificate with the Certification Provider.

③ **Upload certificates**

Once your certificate is issued, [upload your Private Key, SSL Certificate, and CA Bundle](#) and we'll update it for your Fully-Branded URL.

现在如图点击“**Upload your Private Key, SSL Certificate and CA Bundle**”您将进入以下页面:

- 页面显示了您所有绑定的主域名及子域名。

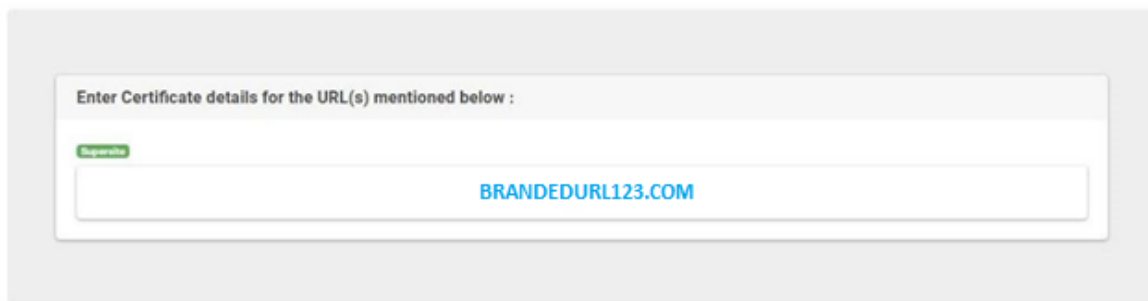

Enter Certificate details for the URL(s) mentioned below :

Partner site	Control Panel	Super site
PARTNER.BRANDEDURL123.COM	CP.BRANDEDURL123.COM	BRANDEDURL123.COM

- 选择您需要安装数字证书的自定义品牌化 URL（域名），点击域名进入下一步。

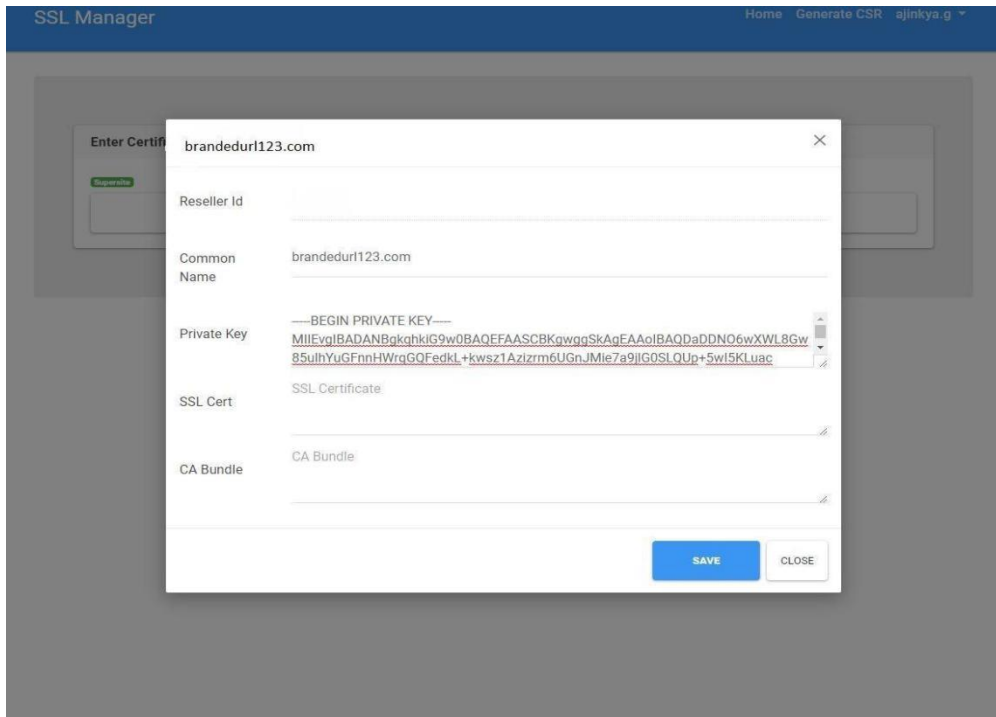

SSL Manager Home Generate CSR ajinkya.g

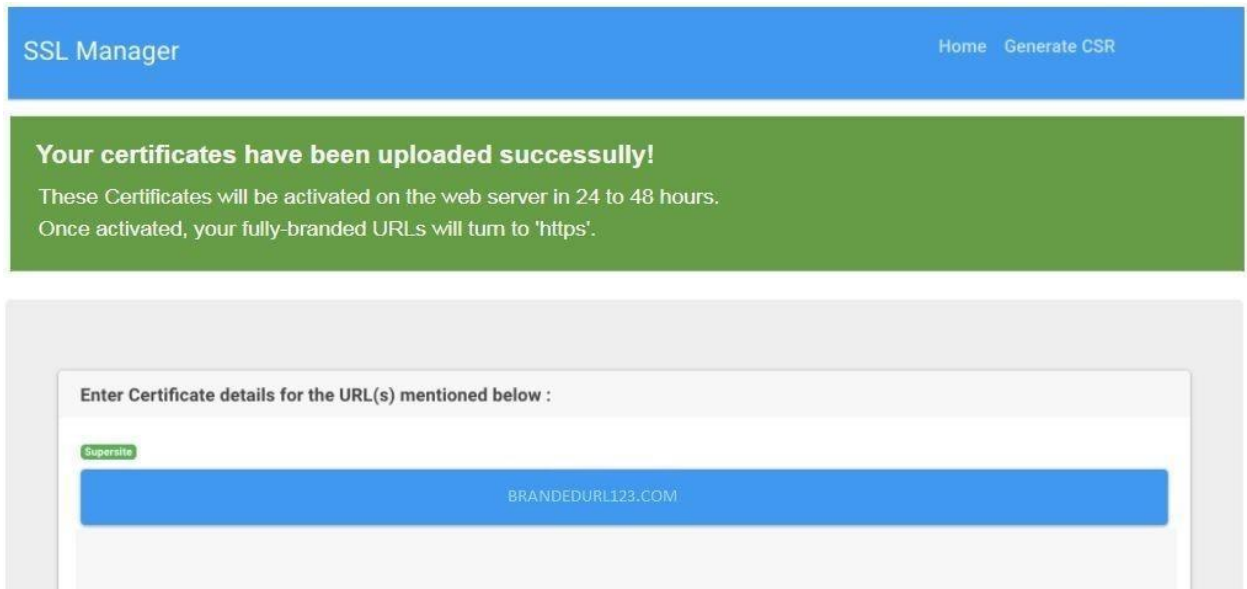

Enter Certificate details for the URL(s) mentioned below :

Super site
BRANDEDURL123.COM

- 输入域名，私钥，SSL 域名证书，根证书，然后点击保存。

系统提示成功安装 **SSL 数字证书!**

- 需要等待 24 到 48 小时，安装的数字证书才会正式生效。
- **注意:** 系统将会自动将 *http* 切换到 *https*，您不需要另外进行设置。
